Bedroom Jim Thompson Fabric's 'Olympus' design covers the bed, which is dressed in linens from C&C Milano. The wallpaper is from Arte and the pendant light is the 'Cintola Maxi' by Tom Kirk. **Lighting** Bathroom Dornbracht taps and sanitaryware from Ceramica Globo complements this double-sided vanity unit designed by Atelier Zürich and created by cabinetmakers Weishaupt. The herringbone oak flooring (for similar, try Ecora) is paired with white ceramic tiles arranged in the same pattern. For similar tiles, try British Ceramic Tile. Brass trim around the shower door helps to tie the golden elements of this room together. **See Stockists page for details** **ED**
