*In the foreground, the Heritage 100% cotton jacquard from the Najd collection by Tristan Auer for **Lelièvre Paris**, inspired by a view of the desert from above, it is made with yarns in oblique lines that intersect, with three color variants: terracotta, natural and autumn. Vanessa fabric in 100% linen and wallpaper from the Atelier Collection by the artist Elena Borghi with **C&C Milano**, the watercolor decoration in bright hues on a white background is made with imperfect brushstrokes, available in the colors terracotta, green, petroleum and anthracite. The same fabric has been used for the pajamas worn by the model.*
